

I am a listener to the AIR 1 radio station on 91.9 and 89.7 in Barstow CA. AIR 1 is my favorite radio station and enjoy their music. Please do not force it off the air by replacing it with these new LPFM stations who would have priority. I value this station very much and I give each month so that it will remain on the air.

Thank-you for your consideration and God bless you.

Randy Christensen
